

# MAINTENANCE ACCESSORIES

## FABCEL® Pads, Lev-L Mounts, and Levelers

### Fabcel Features

- Uniform arrangement of square cells facilitate deflection of the Fabcel Pad under load.
- Fabcel Pads resist permanent set, oil, cleaning compounds, effects of sunlight, or air. They are impervious to oil and water.
- Cell pattern prevents the intrusion of foreign materials beneath the load-bearing area of the pad.
- Offset cell construction of Fabcel 25, 50 and 100 Pads (cells on opposite sides of pad offset from each other) provide positive grip under lighter loads.
- Specially-designed cell patterns for Fabcel 200 and 300 Pads provide optimum stability and vibration isolation for heavier loads.

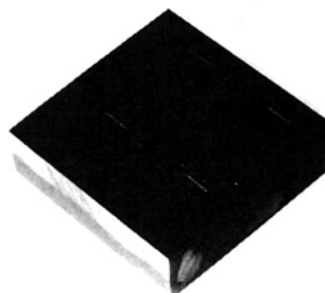

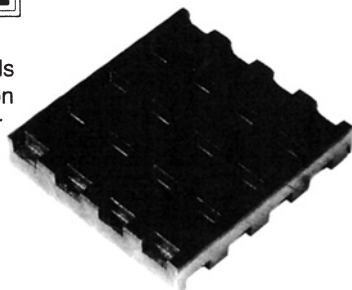

### Fabcel Benefits

- Square cells on each side of Fabcel Pads provide positive grip between machine foot and the floor.
- Permits low cost machinery mounting by eliminating the need for drilling, bolts, lag screws or adhesives.
- Greater lateral stability is achieved through the square cell design which provides continuous bearing areas on both sides of the pad in all directions.
- Reduces vibration, absorbs shock and controls noise.
- Prevents machinery from walking or creeping.
- Increases productivity and reduces machine maintenance time.
- Meets OSHA requirements for anchoring machines.
- Easily cut with scissors or sharp knife.

## FABCEL® Machinery Mounting Pads

FABCEL 25, 50 and 100 Pads feature offset cell construction to provide positive grip under lighter loads.

FABCEL 200 AND 300 Pads are engineered for heavier loads up to 300 psi.

### Specifications 6"x 6" FABCEL PADS

Type Pad	Capacity	Pad Size	Material	Price Ea.
Fabcel 25	1-25 psi	6" x 6" x 5/16"	Buna "N"	\$ 8.40
Fabcel 50	26-50 psi	6" x 6" x 5/16"	Neoprene	\$ 7.11
Fabcel 100	51-100 psi	6" x 6" x 5/16"	Neoprene	\$ 8.46
Fabcel 200	101-200 psi	6" x 6" x 1/2"	Neoprene	\$ 12.07
Fabcel 300	201-300 psi	6" x 6" x 1/2"	Neoprene	\$ 14.17

### Specifications 18"x 18" FABCEL PADS

Type Pad	Capacity	Pad Size	Material	Price Ea.
Fabcel 25	1-25 psi	18" x 18" x 5/16"	Buna "N"	\$ 61.48
Fabcel 50	26-50 psi	18" x 18" x 5/16"	Neoprene	\$ 56.28
Fabcel 100	51-100 psi	18" x 18" x 5/16"	Neoprene	\$ 61.85
Fabcel 200	101-200 psi	18" x 18" x 1/2"	Neoprene	\$ 79.54
Fabcel 300	201-300 psi	18" x 18" x 1/2"	Neoprene	\$ 86.64

Under impact machinery such as punch presses, the Fabcel Pad selected should be rated at 50% of capacity.
